Look: liquid.

Instructions fo Preservation

Store the bottles in a cool, dry place, far from heat. After opening, keep refrigerated (0-4°C).

Close the bottle carefully after every use and clean possible remains of the product on the outside of the bottle.

Nature and Characteristics of the Product

This preparation is produced exclusively with juice and pulp of Sicilian lemons, and it maintains the typical characteristics of fresh lemons.

Why Buy this Product?

The Sicilian lemons picked up when the ripening is complete, squeezed without additives nor flavourings, produce a product with basically identical features to fresh lemon, that is particularly useful when it is necessary to use a great amount of it (for example in sorbets, ice creams, ...). This product is also interesting in the kitchen as it is better value and more practical than the fresh fruit. This is a ready to use product, that is available throughout the year at a constant quality. The glass bottle avoiding any waste is really practical.

Concerned Customers

This product has a complete potential of perusal and therefore no premise can be excluded.

Way to use

This product is ready to use and substitutes fresh squeezed lemon. Therefore, it is ideal to season hors d'oeuvre, salads, and in the preparation of sauces, (vinaigrette, mayonnaise, ...). It is excellent to season meat, fish, crustacean and shellfish dishes, and in the preparation of fruit salads, cocktails and drinks.

Chef's Ideas and Suggestions

Daiquiri Cocktail – 1/10 sugar syrup + 3/10 lemon juice + 6/10 Cuban white rum.
Shake energetically and pour in an iced cocktail cup.
